

NEW PLAY SPACES

Written by William Campling and Claire Bailie

You might know that due to the new buildings our play spaces have changed and so now this article will tell you about the new play spaces or where you can or can't go.

At **recess**, you can play on the junior playground, you might see it when you line up or when you're playing. Did you notice that giant green grass area next to the school? Well, that's the oval. You can play on the oval at recess if you are a senior.

If you know the building next to the playground, that's where you go if you have no hat, that's the BER. At recess you can also go around the BER and find the basketball courts and the grassed area with trees (seniors only as well). That's all the places you can go! Oh, and never go on the road.

Now it's time to talk about **lunch**. You can go to the handfults of happiness courtyard where you can play ping pong. When interviewed people said they are really enjoying them! You can go on the oval there are new soccer goals which you can use. We asked some people whether we should keep them and they all said yes!

Do you think we should have a quiet time area for people who need to relax? Same, you can go outside of the B.E.R. building, and also go in the sensory garden or the library.

You can't go past the year five and six buildings under any circumstances. You can't go past the top of the cricket pitch and on the other side of the oval. You can not go past the car park or in the car park. You can't go on the road but if you really need to go somewhere, and ask a teacher.

Most importantly, have Fun!

Beyond Blue

Friday, 26th February, 2021 brought to you by Caitlyn Burney

On Friday the 26th of February our school leaders hosted an event called *Beyond blue*. If you were involved in *Beyond blue* then you would've dressed in blue and brought a gold coin donation. All the donations are going to the charity *Beyond blue* and the charity helps all ages with mental illnesses. The *Beyond blue* event is the first event that the school captains have organised.

It was amazing, there were people in blue shirts everywhere.

QUESTION AND ANSWERS

Q. What are you enjoying about *Beyond blue*?

Blue clothes & raising money!
Miss Herrington

Weird and wacky clothes!
Mr Lawson

Help to fundraise!
Libby Sensai
